Sept 5th 1863

Col C. C. Ciddens

A. A. G. Dept Cumberland
Ga

I hereby tender my
resignation of the office of Second Lieutenant of Co C
17th Regt Ky Vol Infantry. My reasons for doing so
are as follows. I have been afflicted with disease
for several weeks & thereby rendered unfit for service
& from present indications will not be able to render
service for weeks or perhaps months to come if ever.

I am not dissatisfied with the service on the contrary
I am devotedly attached to it but I do not think I will
recover my health if I remain in it.

1. I Certify that I am not indebted to the Government
of the United States

2. That I have no Government property in my possession

3. That I have not been absent without leave.

4. That there are no charges against me which can
affect my pay. I enclose last paid to include the 30th day
of June 1863 Very respectfully, your obt. and
obedient servant

OFFICERS' GENERAL HOSPITAL,
LOOKOUT MOUNTAIN, TENN.,

October 7. 1864

Lieut. Thos. J. Hoatson of Company I, 17 Regiment,

Ky. Vol. Inf. having applied to the Board of Examiners, composed of the Medical Officers on duty at this Hospital, for a certificate upon which to base a "tender of resignation," they hereby certify that they have carefully examined this officer and find him suffering from

great emaciation and debility the result of Chronic Diarrhoea which has existed some months, as he states and as his appearance indicates.

He has been a Patient in this Hospital for four weeks without having received any permanent benefit.

The case seems to be daily assuming a more serious character.

This disability did not exist prior to his entrance into the United States service but was — contracted in the line of his duty as an officer.

They further declare their belief that he never will be fit to resume active military duty, and that his recovery, should he remain in the service, would be quite improbable. He is — physically able to render efficient service in the Veteran Reserve Corps.

A large, stylized cursive letter 'A' is written on a piece of lined paper. The letter is formed with a single continuous stroke, starting from the bottom left, curving up to the right, then looping back down to the left, and finally curving up to the right to complete the letter. The paper has horizontal lines, and the letter is positioned above one of them.

Presuming that you were then

a hard one. His name is Capt

NOTATION.

Book mark: R. P. "52538"

War Department,

Record and Pension Division,

Washington, Jan'y 22, 1890.

This man deserted on or about March

2nd, 1863, and was arrested

on or about January 30th, 1864.

As he was subsequently restored to duty by S.O. 152

1st Div. 4th A.C. of Aug. 21, 1864,

without trial, but upon conditions which appear to have

been complied with (so far as not waived by the Gov-

ernment), the charge of desertion no longer stands

against him. The record of the fact that he was absent

in desertion from or about March 2nd,

1863, to or about Jan'y 30th, 1864,

cannot, however, be expunged.

 April 26 1862

The 17th Regt. was transferred
 to Gen. Grant's army by
 Special Order No. 13 dated
 April 18th 1862.

Sent Ashby's resignation
 approved by Gen. Grant in
 whose Army the Regiment
 formerly was, was accepted
 by Special Order No. 20, 2d 28,
 dated April 22nd 1862.
 The resignation dated April
 21st was approved by the
 other proper commanders
 besides Gen. Grant - and
 it is conceivable that the
 request so endorsed might
 have been acted on, unmindful
 of the order of transfer.

The Col. of the Regiment
 stated that the Genl. had
 been requested to resign -
 that being so, the order of acceptance
 will remain as it is - unless you
 request otherwise, or injustice
 has been done.

VOLUNTEERS. E

Disch. March 22, 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMANDING OFFICER commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer commanding the Soldier these statements, and endorsed with a statement to the effect that for which the Soldier was allowed pay on his final statements, the discharge account and all other charges against him in his favor, so as to complete a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to full a discharge of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portions of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landwarrant must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, or duplicate, to the Second Auditor, Washington, D. C.

In case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or company, by preferment or otherwise, they shall, before they be permitted to do so, deposit in the hands of the commanding officer, or of the nearest military agent, all the effects of such deceased non-commissioned officer and soldiers, in order that the same may be secured for, and paid to their respective representatives.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—to the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—at 4, 5, &c., &c., to describe particularly the disability, wound, or disease, the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The Surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within cert. &c."

Par. 1200 Regulations, June 1961.

Par. 1240 Regulations, 1881, 1881.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ticors, or any obscure disease liable to be missed or misapprehended; and in no case shall such certificates be given until after sufficient time and examination to detect any element of deception.

NOTES

This certificate will be made out by duplicate by the soldier's company commander, or other officer commanding the troops detached, in a message to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward them, either to the regimental detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, are that the soldier is furnished with the proper final statement in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

THIS CERTIFICATE IS VALID FOR THE PURPOSES OF THE ACT OF MARCH 3, 1862, CHAP. 106, SECT. 1, AND THE ACT OF MARCH 3, 1863, CHAP. 106, SECT. 1.

Leitchfield Ky August 25th 1863

As a practicing Physician in this County I do Certify That I have been Called on By James H Barton a private in Co. (G) of the 17th Regt Ky Vol. Infantry as his medical advisor I first visited him in February 1862 I found him labouring under General Debility with Diarrhea and fever. from which he gradually recovered until he was able to Return to his Regiment in June 1862 but I thought then he would not be able for duty as a Soldier. he however Returned home again in December last. Still in feeble health. I have saw him occasionally ever since. And I am Decidedly of the opinion, from his age and the shattered Condition of his Constitution that he is not now able to undergo the fatigue of a Camp life nor do I think he ever will be. I also think in Justice to Mr Barton as well as the Government he ought to be Discharged.

A. C. McBeath Practising Physician

I do Certify that I have Examined Mr J H Barton and confer with ^{Mr McBeath} his opinion as to his Entire Inability to perform the Duties of a Soldier

Certificate of disability
I declare on oath that I have
carefully examined Lindsay
Barnett of Captain Hays' com-
pany Colonel M. E. Barry's regiment
of Kentucky volunteers now at this
place and under treatment by
me and find him incapable
of performing the duties of a sol-
dier for the following reasons -
viz he has chronic Rheumatism
which has disabled him so much
that he is obliged to walk
with his cane throwing al-
most all his entire weight on his
cane the disease affecting the
left leg principally confined
to the knee and hip also an
amount of tenderness along
the entire length of the spine
- al Column, his lungs at

James seem to be sympathetic
-ly affected, complaining of hot
-pitation and hurried breathing
from moderate exercise he says
he has not been well since he
-ad the measles at camp Cal
-hour McLean County, Ky
during last winter he says he
was attacked during his conva-
-lescence and has not been well
since he thinks his disease or
Rheumatism was caused from
cold which I think is very re-
-asonable Hartford Ohio

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l.*, *r.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1290 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, epithemia, ulcers, or any obscure disease liable to be faked or purposely produced; and in no case shall such certificate be given until after a personal examination and examination to detect any attempt at deception.

AND DIRECTED BY

DIRECTIONS

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forwarded both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, $\frac{3}{4}$, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edist. 1864.

Medical officers, in giving certificates of disability, are to take particular care, in cases where they are seen under their charge, and especially in cases of convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any obscure disease liable to be forged or purposely produced; and in no case shall such certificate be given until after a diligent trial and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to the division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last sentence on this paper, so that the soldier is furnished with the proper final documents in duplicate, and forward both of these certificates direct to the Adjutant General United States Army at Washington, D. C.; they will not, under any circumstances, be given to the hands of the soldier.

certificate in which to ground our appli-
cation for leave of absence. We do hereby
certify that we have carefully examined
this officer, and find that he has been

thereof, he is in our opinion unfit for

that he will not be able to resume
his duties in a less period than

Specification 1 In this: That he the said
Capt John A. Boyd of Company G.
17 Regt Ky vol Inftry did on or about the
2^d day of April 1863, draw up or procure
to be drawn ^{up} a Communication addressed
to the Commanding officer of said
Regiment in words and figures as follows
"Court" Camp Spears April 2^d 1863
Col A M Stone

We have learned
with regret that you are about to appoint
a citizen to the position of Lieutenant
in one of the Companies of the 17th.

We as officers of the Regt enter this
our protest against the appointment, not
that we know anything against the
man's fitness for the place, but we
believe that there are in the several
Companies good & competent men - men
who have faithfully served in the field
for eighteen months and deserve promotion
for their gallant conduct in several
battles and unwearied devotion to the cause.

If you give this man a Lieutenant's
Commission in one of the Companies
you virtually say to the Regt and to

new State that all the good material
in the 17th is worked up and that you
are compelled to go to Louisville to get
men to fill vacancies. We are ready
to receive ~~men~~ ^{Citizens} into our Companies as
recruits and if they prove themselves
worthy of office we will be pleased to see
them promoted. But we earnestly
protest against the appointment of
Citizens to the prejudice of our worthy
non-Comm-officers," and did sign his
name to said Communication first
and then persuaded and induced other
officers of the same Regiment to sign it
also, and did so procure and induce
the signing of the paper, ^{by other} by the use
of violent inflammatory and insubordinate
Language, uttering charges and blame
concerning Col A. M. Stone Command-
ing said Regiment for having recom-
mended and procured the appointment
of William H. Megluney as 1st Lieut
in said Company, said Megluney at
that time having been duly commissioned
by the Governor of the State of
Kentucky and having accepted his
commission. It was concerning this
appointment and none other that said
Communication was gotten up and it was
so gotten up for the purpose of being pre-
sented to the Commanding officer
of said Regiment and such the an-
dient of the said Capt John P. Boyd

did bring about a hurtful feeling
of dissatisfaction among the officers
and men of said Regiment and did
induce many of both of officers
and men to believe that the appointment
of ~~a Colonel~~ the said W. A. Meglenny
to a 2^d Lieutenantcy was not warranted
by authority and that the Commanding
officer of said Regiment had
acted wrongfully in the matter of
that appointment. This at Camp Shearn
where said Regiment was encamped
near Nashville Tenn

Specification 2^d In this That said
Capt John A. Boyd of Co G 17th Regt
Ky vol 1st did on or about the 2nd
day of April 1863 did tell Col Wm
Stent the commanding officer of
said Regiment that he would not
and could ^{not} treat with respect and
civility William Meglenny who had been
duly commissioned as a 2^d Lieut in his
the said Boyd's Company, by the Governor
of the State of Kentucky and did then
by his conduct and conversation in the
presence of officers and men of said
Regiment, intentionally produce dissatis-
faction and excitement among them and
did with many induce the belief that
said appointment was not lawfully
made. And the said John A. Boyd
did so act speak and conduct himself

with the view and design of inducing other
officers and men of the Regiment to treat
the said Smt Meglun with coldness
neglect and contempt and thus bring
about the tender and acceptance
of his resignation and thereby dictate
to and control the Col commanding said
